Notice of Issuance of and Public Hearing on A Complaint to Impose Mandatory Minimum Penalties (MMPs)

The Complaint

The Water Board Executive Officer has issued the following administrative civil liability complaint:

| | |
|---------------------------------|--|
| Complaint Number: | MMP R2-2007-0018 |
| Discharger: | Sausalito-Marín City Sanitary District |
| Liability amount: | \$204,000 |
| Time period covered: | March 1, 2004, to March 31, 2007 |
| Permit Number violated: | Order Nos. 2000-0060 and 2003-0109 |
| Brief description of violation: | Various effluent limit violations |

Comments and Waiver Due Date

All written comments on the complaint are due no later than **5:00 p.m. July 9, 2007**. If the Discharger decides to waive its right to a hearing and agrees to pay the liability, such waiver is also due by that date. No written comments will be accepted or responded to in writing after that date.

Hearing to be Held

The Water Board hearing will be as follows:

| | |
|----------------|---------------------------------------|
| Date and Time: | August 8, 2007, 9:00 a.m. |
| Place: | Auditorium, 1515 Clay Street, Oakland |

If the Discharger waives its right to a hearing and agrees to pay the proposed liability by the above-mentioned due date, this matter will be included on the agenda of the Water Board meeting but there will be no hearing on this matter, unless a) the Water Board staff receives significant public comment during the comment period, or b) the Water Board determines it will hold a hearing because it finds that new and significant information will be presented at the meeting that could not have been submitted during the public comment period. If the Discharger contests the complaint, the Water Board will consider the complaint and hear testimony and evidence from all interested parties at the public hearing. The Water Board may affirm, reject, or modify the proposed liabilities, or refer the matter to the Attorney General for recovery of civil liabilities. The Water Board may also accept a supplemental environmental project in lieu of all or portion of the liabilities.

Petitions Limited to Issues Raised before the Water Board

Any party that challenges the Water Board's action on this matter through a petition to the State Water Resources Control Board under Water Code section 13320 will be limited to raising only those substantive issues or objections that were raised before the Water Board at the public hearing or in timely submitted written correspondence delivered to the Water Board. This rule is pursuant to section 2050(c) of Title 23 of the California Code of Regulations.
